PROFESSIONAL EXPERIENCE

Asia Pacific International University   2022 - 2027

Public Relation for IT Department

- Designed and created posters, and digital graphics using graphic design tools to promote campus campaigns, and student initiatives
- Facilitated school-community communication via announcements, newsletters, and social media to keep students informed of events, updates, and achievements..
- Assisted in organizing campus events, workshops, and promotional activities

Student Multimedia Assistant – Library Services

- Created and edited multimedia content such as posters, videos, and digital graphics to support library events, programs, and promotions
- Digitized archival materials, supported library operations, including assisting patrons, managing circulation tasks, and maintaining accurate records.

Graphic Design Team Lead - School Club

- Created visually engaging materials using tools like Adobe Photoshop, Canva, and Figma to effectively communicate event themes and messages
- Oversaw the design process from concept to final delivery, maintaining consistency and creativity throughout
- Coordinated with team members to distribute design tasks and collaborated to refine concepts and layouts, maintaining creative standards

Cyber Warrior Hackathon 2025 – Participant   2025 June - July

Front-end Developer

- Designed and developed JitCyber, an interactive web platform aimed at promoting cybersecurity awareness among Thai users with our 5 member team.
- Integrated an AI-powered chatbot and scenario-based quizzes to help users identify phishing attacks, learn safe online habits, and test their knowledge in real time
- Gained experience in rapid prototyping, secure web development, and collaborative problem-solving under hackathon time constraints
